### Our Products | Handmade Organic Hummus

- **Classic Hummus-** It's the REAL deal! Our classic hummus is all about simple, pure & delicious flavors shining through. It's creamy & fresh with subtle undertones of lemon, toasted tahini, cold pressed extra virgin olive oil, California grown garlic & warming spices.
- **Roasted Lemon & Thyme Hummus-** You've never had lemon hummus like this before. Organic, slow roasted & carefully blended with a hint of sweet agave nectar & thyme. A little tart, a little sweet & a whole lotta Love. Have some on a picnic or with a glass of wine.
- **Spicy Harissa Hummus-** It's more than just hot- it's spicy! Enjoy the complexity & layers of flavor that come through in this handcrafted organic harissa recipe! A rich blend of hot chili peppers, exotic spices & cold pressed extra virgin olive oil keeps things interesting as the heat builds with each bite.
- **Caramelized Garlic Hummus-** Garlic never knew it could be so good! This isn't your average roasted garlic hummus. It's sweeter, warmer & has more depth of flavor . We carefully roast organic garlic low & slow with extra virgin olive oil to lovingly draw out its full potential of mellow sweetness & caramelized goodness.

**History** - As a busy new working mother, Love & Hummus owner Donna Sky, no longer had time to make her favorite homemade recipes from scratch so she began searching for store bought versions of her favorite foods like hummus that met her high standards for homemade flavor. When her search left her empty handed or shall we say with an empty pita, inspiration struck and The Love & Hummus Co. was born.
